CHECK LIST NO 10

Justification for Location the Project in Forest Area:

2.899 Hac. Of forest land is required by Himachal Pradesh Public works Department for construction of link road from Thandapani to Shagedhar via Maltha km 0/00 to 3/750. The total length of the 3.750 km out of which 3.153 km of road will pass through in forest land and 0.597 km will pass through private land

The road is being constructed to provide motorable link to the villages. The road will cater to the needs of population and will give a boost to the local economy, for the construction of this road 2.899 hac. Of forest land is required to be diverted.

The villages Jalori, Maltha, Mendha & Durah-2 are unconnected by road . the villagers have to take up hill to reach their villages. It is also very problematic for the villagers to transport their essential commodities up to their villages in the absence of road specially in view of the rugged terrain steep slope . It is also the policy of the state Government to connect all the panchyat/ villages by road. Hence road link to these villages has been mooted by Thandapani to Shagedhar via Maltha km 0/00 to 3/750.

Reason for rejection of alternative alignments

Alignment no. 1 Alternative alignment No. 1 has been rejected due to more in length i. e. 4.210 km and also more involvement of forest land i.e. 3.40 hac. forest land 134No.s trees are coming in the road alignment. Enumeration list of the same is attached with the case proposal. Therefore, the alternative alignment no. 1 is rejected

Alignment no. 2 Alternative alignment No. 2 has also been rejected due to more in length i. e. 4.540 km and also more involvement of forest land i.e. 3.40 hac forest land 182.No's trees are coming in the road alignment. Enumeration list of the same is attached with the case proposal. Therefore, the alternative alignment no. 2 is rejected
