Sub: Providing the documents of stone crusher application for online
submission to obtain Forest clearance to the approaching Forest
road. reg.

Ref: District crusher licencing and controlling authority meeting proceedings
dated 04.08.2015

With reference to the above, you have applied an application for establishing the stone crusher in Sy.No.2A.2B and 3 of Baleguli village, Ankola taluk, Uttara Kannada District. After receiving the application, the District Stone Crusher Licensing and Regulating Authority inspected your applied area to verify the **Crusher Safer Zone** norms as per rule 6(1) of Karnataka Regulation of Stone Crushers Act 2011. Joint inspection conducted by Mines and Geology, Revenue, Forest and KSPCB officials on 27-06-2015 and the area is compling all norms of the crusher Act 2013. Further, inspection team was observed that, the approach road to the applied area is passing through forest area. This matter was discussed in the crusher meeting (Ref 1), Chairman/ Deputy Commissioner decided to obtain the forest clearance for using the area for approach road. Hence you are directed to get the forest clearance certificate from concerend authority. Your application is under process for consideration in District Stone Crusher Committee meeting to declare a safer zone after obtaining the forest department opinion.

Yours faithfully,

Deputy Director
Department of Mines & Geology
Uttara Kannada District, Karwar
