

FORM – A

**Form for seeking prior approval under section 2 of the proposals by the State
Government and other authorities
(For Improvement of the existing Track to BT Standards)**

PART-I

(To be filled up by user agency)

User Agency: Executive Engineer, PIU Division, Paderu.

1. Project Details:	The total length of the proposed road from Nimmalapdu-Bongija to Lungaparthi from 0/00 to 10/00 km(via) Patti of Ananthagiri mandal is 10.50 km length with existing track & Path.
(i) Short narrative of the proposal and project/scheme for which the forest land is required.	Diversion of $(1.31+0.23)=1.54$ ha. land for Formation & BT to the road including construction of Culverts from Nimmalapdu-Bongija to Lungaparthi from 0/00 to 10/00 km(via) Patti of Ananthagiri mandal through of Ananthagiri-II, Medaparthi Beat, Ananthagiri Range, Visakhapatnam Division in favour of Executive Engineer, PIU Division, Paderu under FC Act 1980
	The road work sanctioned / approved by Ministry of rural development in RCPLWE grant for Rs. 702.81 lakhs. The existing surface is earthen surface and it leads to a BT road and it is a shortest path to reach the mandal head quarters and the road serves total population of 1581 (Rallagaruvu-97, Karakavalasa-102, Kumborthy-224, Damasalavalasa-105, Cheedivalasa-250, YeguvaPatti-132, Patti-216, Yekkupadu-71, Lungaparthi-384). As there is no proper transportation facilities the school going children are becoming Agricultural Labour. The basic occupation of the people in this area is Agriculture and is totally rain fed and collection and selling of forest produce. The main food crops are Paddy, Ragi and vegetables like carrot, beans etc, and forest products like Tamarind, Honey, Pineapple, Jack fruits etc. The crop yielding is generally very good and needs to be transported to the nearest marketing center i.e. Devarapalli, Ananthagiri & Araku valley so as the formers shall get the better benefits and true value.
	This is the only road to provide medical aid to the people who are generally prone to Malaria and other general epidemics .This also helps the school going children and college students to reach the nearest schools and colleges.
	The Project is for New Connectivity of the existing road from track to BT standards. Hence, Forest Clearance is needed for this road to upgrade to BT standards.

(ii)	Map showing required forest land, boundary of adjoining forest on a 1:50000 scale map.	Enclosed
(iii)	Cost of the Project.	Rs. 702.81 lakhs
(iv)	Justification for locating the project in forest area.	The villagers of Rallagaruvu, Karakavalasa, Kumborthy, Damasalavalasa, Cheedivalasa, YeguvaPatti, Patti, Yekkupadu, Lungaparthi to reach the mandal head quarters Ananthagiri with shortest path by providing this road, the existing road passes through Reserve Forest in various reaches in the road from 0/00 to 10/500 km. This is the only the shortest route for the people of above habitations. The buses and commercial vehicles are not playing on this road due to improper geometry and various streams crossing the road. The people are facing lot of problems to meet their needs of Education, Health and Transportation of Agricultural and forest produces etc,. Hence the road is proposed to upgrade to BT standard so as to make the road traffic worthy.
(v)	Cost-Benefit analysis (to be enclosed)	Area proposed is less than 5 ha. Hence cost benefit analysis does not arise. However The proposed road is to serve the habitations (Tribal) having a population of 1581 members. It is required to bring this tribal population into normal civilization by providing this road. By laying this road, the poor tribes living in remote areas can transport the agriculture and forest Produce. There by the tribes will get benefited by getting better income and become better civilized.
(vi)	Employment likely to be generated.	Due to this road project, they will get employment directly by creating 28800 man days for a period of one year and also indirectly, the nearby habitants are benefited.
2. Purpose-wise break-up of the total land required		<p>The main purpose of the forest land is required for widening of the existing track and laying of BT Road. The total length of the road is 10.50 km and the road is passing through various reaches of Ananthagiri-II, Medaparthi Reserve forest between Nimmalapdu-Bongija Road @0/00 Km to Lungaparthi village . Required total Right of way for Formation and Laying of BT Road is 7.50m including Construction of Culverts for 7.50mts width.</p> <p>An area of (1.31+0.23)=1.54 hectares of forest land is to be diverted for construction of Road.(As per Authentication map of PCCF)</p>
2.a. Compartment-Area-wise break-up of the total land Required		An area of (1.31+0.23)=1.54 hectares of forest land is to be diverted for construction of Road.(As per Authentication map of PCCF)
3. Details of displacement of people due		

to the project if any		
(i)	Number of Families.	Nil
(ii)	Number of Scheduled Castes/ Scheduled Tribe families	Nil
(iii)	Rehabilitation plan(to be enclosed)	Nil
4. Whether clearance under Environment (Protection) Act, 1986 required? (Yes/no)		No
5. Undertaking to bear the cost of raising and maintenance of compensatory afforestation and / or penal compensatory afforestation as well as cost for protection and regeneration of Safety Zone, etc. as per the scheme prepared by the State Government (undertaking to be enclosed)		Enclosed
6. Details of certificates/ documents enclosed as required under the instructions		1) Map-1 showing the area applied for Formation of road (Authenticated Map) 2) Map-2 showing the surveyed sketch of the road. 3) Map-3 Map showing the road with reference forest block boundaries (SI Sheet). 4) Undertaking to bear the cost of trees 5) Certificates not to violate the provisions of forest conservation Act.
