Sir,

With reference to the above subject, the compliance of the observations sought vide reference cited at Sl. No. 2 are as below -

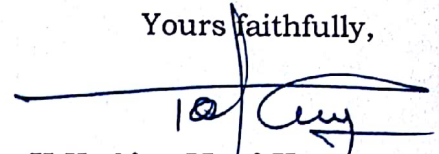

Essential Details Sought	Compliance
1. Forest land to be diverted could not be assessed during the field inspection since sy.no wise extent has not been recorded in the hard copy.	Survey no. wise extent has been provided in the DGPS maps (section C.(iv)). Further as directed, revised survey no. wise extent proposed for diversion is enclosed with proposals.
2. Some of the Sy. Nos. proposed for diversion were outside the forest area	Survey numbers were reviewed in discussion with DCF, Chitradurga and revised in the proposal accordingly. Revised list is enclosed with proposals.
3. Extent of area has not been indicated for sy.No.88 of Hangal in the village map.	Extent of area for Sy. No 88 of Hanagal village (ie. 0.1681 ha) is included in the revised maps enclosed with proposals
4. Extent of area has not been indicated for sy.No.102 of Hanagal in the village map.	Extent of area for Sy. No 102 of Hanagal village (ie. 0.8902 ha) is included in the revised maps enclosed with proposals
5. Details of Sy. No. 38 is not found in Kamarada kavalu village.	Survey no. 38 in Kamarada kavalu village is revised as per the revenue and forest records.

Accordingly the revised proposals has been submitted by this office directly to RFO Molkalmur, RFO Challakere for verification and recommendation to avoid any further delay vide reference cited at Sl. No. 3 above.

Hence it is once again requested to consider the revised submitted proposals and recommend for further process at an early date.

Thanking you,

Yours faithfully,

Sub:- Four laning of Bellary to Hiriyur Section of NH-150A from Km.254.800 to Km.409.000 in the State of Karnataka on EPC Mode - Forest Clearance - Compliance to Essential Details Sought by Forest Department - Reg.

Ref:- 1. Office of Principal Chief Conservator of Forests letter no. A5 (4).GFL.CR.27/2017-18 dated 15.06.2018
2. M/s. Feedback Lr No. FIPL/Highways/NHAI/150A/Bellary-Hiriyur/2018-19/B/328 dated 29.06.2018

Sir,

With reference to the above subject and ref (1), we are herewith submitting compliance report with all the relevant documents for the Essential details sought by the Forest Department based on the compliance submitted by our Consultant M/s. Feedback Infra Pvt. Ltd., vide reference 2nd cited. (Copy enclosed)

Forest Clearance - Compliance to Essential Details Sought by Forest Department.

Reference Item number as in Form-A	Remarks	Compliance
B-2.3 Village wise breakup details	Sy no. 32 of Devasamudra Village and Sy.No. 7 of Adavimallapura Village are not included in the list of forest lands and have instead been taken as non-forest land. Please include the required extent in these two survey numbers as 'forest land'.	As suggested Area of survey No. 32 of Devasamudra Village to an extent of 5.16 Ha and Survey No.7 of Adavi mallapura Village to an extent of 0.29 Ha have been added to the area of diversion and accordingly the total extent of proposed diversion area works out to 39.56 Ha as against the earlier extent of 34.11 Ha. Maps enclosed.
B-2.4 Component wise breakup	Village survey number wise forest extent is provided in this item. Instead please provide project component wise (Carriagewise etc) breakup of the forest land.	As suggested, Project Component wise breakup of Forest land is furnished. Due to irregularity in shape of forest land diversion Length and width cannot be given exactly.

I(i) Whether the project or a part thereof is located in any Protected Area or their Eco Sensitive Zone?	Proposed area falls is at approximately 5.94 Km from Gudekote Sloth Bear Sanctuary. Accordingly, you are advised to contact jurisdictional Deputy Conservator of Forests for obtaining clarification whether the project falls within the Eco Sensitive Zone Limits of the sanctuary. If so, the project will require permission from the Jurisdictional ESZ Monitoring Committee in connection with taking mitigation measures.	As suggested we have approached the DCF, Bellary for Clarification. As it will consume considerable amount of time, we undertake that the clarification certificate will be furnished very shortly before Stage-I clearance. However as per the ESZ boundary map Published vide MoEF&CC Notification S.O. no. 2145 (E) dated 06.07.2017, The nearest point of ESZ Boundary (Map ID no. 35) is at a distance of 1.9 Km from the Project Alignment clearly showing not falling in the ESZ Boundary and not requiring any clearance from the ESZ monitoring Committee. The ESZ boundary map showing the project alignment outside the boundary is herewith enclosed for your kind reference.
General	Please ensure that the forest extent figures shown in different items tally with KML file as well as GPS points.	Yes, We made sure that the forest extent figures are tally with KML as well as GPS points. But it is also requested to oversee the negligible error which would be due to change of software used for calculation.

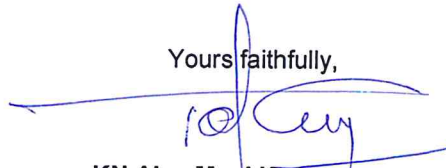

Further the following undertakings which were missing / required revised are also enclosed for your kind reference.

1. Justification for Non-Identification of Compensatory Afforestation Land
2. Undertaking for Payment of Compensatory Afforestation Cost
3. Undertaking for submission of FRA certificate under the Forests Rights Act, 2006

Hence it is once again kindly requested to consider our proposal and recommend the application for further process.

Thanking you,

Yours faithfully,

KN Ajay Mani Kumar
