

### Under Taking

The user agency will provide 8 feet high chainlink fencing on either side of the road and also a length of 250 meters at the entrance and exit of the road on either side as per directed by the Forest Department with the cost of user agency. The user agency will also provide green belt on either side of the road with suitable trees on consultation with Forest Department to avoid pollution with the cost of user agency. Two animal passes will also be provided to facilitate the animals to pass over the approach road as per guidance of Forest Department with the cost of user agency.
