

Recommendations of the District Forest Officer, Dharmapuri Forest Division.

The proposal submitted by the User Agency for diversion of 0.389 ha of Forest land in Gummanur Reserved Forest of Palacode Range in Dharmapuri Forest Division, Dharmapuri for four laning of Thorapalli Agraharam-Jittandahalli section of new NH-844 from km 23+350 to km 60+100 (design chainage) under Bharatmala Pariyojana Phase-I (National corridor) in Hybrid Annuity by the User Agency, National Highways Authority of India, Krishnagiri. In the alignment of the proposal road, no right of way was admitted in the Tamil Nadu Gazette notification of Gummanur Reserved Forest.

The project proponent has given undertakings to bear the cost of Net Present Value, Additional Net Present Value, Compensatory Afforestation with maintenance and lease rent as fixed by the Forest Department at the time of sanction along with any escalation in future for the forest land to be diverted etc. The work will be permitted after strict supervision of Forest Officers. Possible damage to wild flora and fauna due to this project is very low.

Considering the above facts and field observations, I recommend this proposal for seeking diversion of land.

Dharmapuri
09th December 2021

District Forest Officer (V/C),
Dharmapuri Forest Division,
Dharmapuri.
