

SITE INSPECTION REPORT

Division Name	Circle	Site Inspected By	Whether Site Inspected	No. Of times Site Visit	Site Inspection report	Date of Visit
Palakkad	Eastern	DFO	Yes	One	Inspected the site proposed for diversion for road purpose to IMAGE plant. The proposed road is nearby the area diverted for IIT, Palakkad recently. The road is devoid of any trees and is being used by locals as road for many years. However, recently solitary bull elephants occasionally cross this road for crop raiding. Hence, permission shall be given for diversion with time restriction from 6 AM to 6 PM. Also, the road shall be secured with chain gate to prevent misuse by quarries and local tourist. This should be the responsibility of management of IMAGE.	05.12.2019
