<b>Total</b>						<b>1851.16</b>		<b>1.388</b>	<b>1851.16</b>		<b>1.018</b>	

The proposed area is falling in Kawal Reserve Forest Block which is notified U/s- 4 vide Gazette Notification No. 17 at Page No.486 Dt: 09.05.1350 F. The total length is 1851.16 meters with a width of 5.50 meters which is amounting to the total area, required for diversion in Asifabad Division is **1.018 Ha**.

The proposed diversion of forest area for Non forestry purpose i.e along the proposed track. The area is having different type of vegetations, which is having 0.1 to 0.3 Density. There is no tree growth in the proposed diversion forest area and existing cart track with a width of 2.00 meters.

In the proposed diversion area, no unique tree is found, no protected archaeological / heritage site / defense establishment or any other important monument is found in the area. The proposed area is not falling in National Park, Wildlife Sanctuary, Biosphere reserve, Elephant corridor, etc. **But, the proposed diversion area of 1.018 Ha is falling in "Core of Kawal Tiger Reserve"** which is passing through compartment numbers. KAW-265, KAW-263, KAW-266 of Kawal Reserve Forest of Jodeghat Range of Asifabad Division.

The User agency has proposed the length of road is 1851.16 meters and with a width of 7.50 meters and the diversion area as 1.388 Ha in Asifabad Division. The proposed diversion forest area for Construction of BT Road from Vanjariguda to Geethabanda from Km 0/0 to 2/958 of Lingapur Mandal , Kawal RF is passing through interior forest area and the surrounding areas covered with good flora and fauna.

This route has no alternatives and the road width of 7.50 Meters proposed by the User Agency is not necessary in view of the interior location of the connecting villages. The vehicular traffic is also negligible and hence in view of protection of forest & wildlife habitat, and requirement of formation of road, it is recommended the width of road for 5.50 Meters instead of 7.50 Meters as proposed by the User Agency and the diversion area reduced to 1.018 Ha.

Hence this project requires barest minimum forest area of 1.018 Ha, with the total length of 1851.16 meters and width of 5.50 meters in Reserve Forest area.

Thus, this road for Construction of BT Road from Vanjariguda to Geethabanda from Km 0/0 to 2/958 of Lingapur Mandal, Kawal RF is **recommended (1.018 Ha area)** based on the field conditions and future impact. Regarding violations in the Forest Conservation Act, 1980, there is no violation in the proposed site of the project.

Hence it is recommended for considering the proposal.
