

OFFICE OF THE EXECUTIVE ENGINEER PWD(R&B) DIVISION UDHAMPUR

BRIEF NOTE

HISTORY AND NECESSITY:-

The construction of road from Kaldi to Khurian takes off from the village kaldi which is connected to District headquarter at Udhampur. The length of road is 02kms and when completed will connect Barmeen area and Khurian area at least 1800 souls will be benefitted by the construction of the road. Moreover, it will shorten the distance between district Headquarter Udhampur. A stretch of approximately 1500mtrs. in the road comes under the forest area for which the forest clearance process is under way.

Proposal:-

The road will be constructed mainly by earthwork cutting, constructions of R/walls, B/walls and cross drainages with approaches. The excavated material of which most will be used in the construction of walls and other structure, including the sub base of pavements. A substantial muck/excavated material disposal plan has also been framed so as to minimize the loss to ecology including fauna and flora. The road will be eco-friendly as most of the excavated material will be used in the construction of the said road.
