UNDERTAKING ON VIOLATION

It is submitted that the said road has been constructed long time ago by the local Gram Panchayat and Residents as a mule path to overcome their daily transportation needs and later on the road was constructed to motorable road by local people with average width of 3 mtr. It is further it is submitted that no violation has been carried out by this department on the already constructed road and there is no record with this department. Further, it is submitted that the cost of Penal NPV & CA against the violation will be borne by this department as and when demanded by the forest department.
