

Any other information/documents necessary for giving clarification on the project, may be specified and attached.

a) Details of the works, if any already completed without prior permission from Govt. of India (i.e. Violation of Forest (Conservation) Act/Guidelines)

No pipeline laying work has been done by the user agency for pipeline without prior permission from Govt. of India. Hence, no Violation in FCA.

b) In case of violation of forest (Conservation) Act, 1980 and / Guidelines, The details of the persons responsible for violation.

I, the undersigned, agree to be responsible in case of any violation of Forest (Conservation) Act, 1980.

c) Map showing Alternate routes with different colours & justification for selection of the proposed route (In case of linear diversion)

Enclosed. Comparision of Alternate routes is as below:

Total of three alternatives for the route were examined for the project, the comparision of the routes are as follows:

Alternate	Total Length (Km)	Number of Villages	Forest Area (Sqm.)	Forest Area (Ha.)
Alternate-1	154.175	186	18490.17	1.8490
Alternate-2	144.651	175	26229.03	2.6229
Alternate-3	139.577	165	33808.86	3.3809

- Alternate 2 & 3 involves more forest area in comparison to Alternate 1.
- Alternate 2 & 3 involves more terrains and hilly area, where laying of pipeline is difficult.
- Alternate 1 covers the least length in forest land.
- Alternate 1 also does not cross through any eco-sensitive zone or Wildlife Sanctuary.

From above it is concluded that Alternate-1 route has least forest land which is to be diverted for the project and is unavoidable and opted technically in comparison to Alternate 2 & 3.
