STL/Forest/GTTPL/XMTL/18-19/37

Dated: 13/11/2018

Deputy Conservator of Forests
Ponda, North Goa,
Goa.

Sub: Seeking Prior approval from MoEF under FCA, 1980 for diversion of 69.41 Ha forest land for laying of 400 kV D/C Xeldem- Mapusa transmission line-“Proposal No. FP/GA/TRANS/34462/2018”.

Ref:- 5/FCA-149/DCFN/TECH/2018-19/733/1519 dated 08/11/2018

Dear Sir,

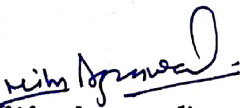

Refer the above captioned Subject Matter and your office letter bearing reference no. 5/FCA-149/DCFN/TECH/2018-19/733/1519 dated 08/11/2018, We are submitting the information in and the points mentioned in above referred letter:-

1. Three Alternative routes before finalizing the current corridor on SOI map with justification is enclosed.
2. Existing 110 kV line which is non-functional can not be used for this project because the existing line route is totally different from the proposed transmission line. Please refer the enclosed SOI map showing the proposed and existing route alignment.

In view of the above, we are hopeful that the reasons cited above shall satisfy your good office query, and therefore, we humbly submit before your good office for an early processing of our FDP proposal thereby enabling us to expedite the project and contributing to the development of Nation, State and public at large.

Submitted for your kind consideration please.

For Goa Tamnar Transmission Project Limited,

(Nitin Agrawal)
Manager-Forest & Wild Life

Encl: 1. Three Alternative Route on SOI Map.
2. Justification of Proposed Route.

RECEIVED
Dy. Conservator of Forests,
North Goa Division,
Ponda-Goa.

Dated:- 17/11/18
