GOVERNMENT OF TELANGANA
RURAL WATER SUPPLY AND SANITATION DEPARTMENT
TELANGANA DRINKING WATER SUPPLY PROJECT

APPENDIX

(See Rule 6)

FORM-'A'

Form for seeking prior approval under section 2 of the proposals by the state
Government and other authorities.

PART-1

(TO BE FILLED BY USER AGENCY)

1. Project Details : "Laying of Pipe Line and Construction of Structures for Providing Safe Drinking Water in Nagarkurnool Constituency in Mahabubnagar District."

i) Short narrative of the Proposal for Project : The Government of Telangana has decided to improve the drinking water Supply level to all the habitations in the new State to Provide safe Drinking Water to all in the State. To avoid Quantitative and Qualitative problems it is proposed to supply surface water from Yellore Cistern reservoir of Mahatma Gandhi Kalwakurthy Lift Irrigation. Thus the water is pumped from Yellore to Nagapoor and from then pumped to ELBR on proposed forest land (Gudipally RF). The proposed Raw water and Clear Water Pipe line alignment is passing through the Gudipally Reserve Forest for which Forest Land Diversion is required to complete the Telangana Drinking Water Supply Project. From Gudipally RF one of the alignment passes through Kummera RF by Gravity

and one of distribution line passes through Allipur to Buddaram road (in Buddaram RF).

ii) Map showing the required forest land Boundary of adjoining Forest on a 1 in 50,000 Scale topo map. : Map showing the reserve forest and boundary is enclosed. The land is meant for laying of Pumping mains and Gravity Mains including land required for construction of structures like ELBRs etc. complete in Mahabubnagar District under Segment- 1/2.

iii) Cost of the Project. : Rs. 245.00 Crores

iv) Justification for location the project forest area : in The proposed Pipe lines of Telangana Drinking Water Project have no other alternative routes to cover all the habitations. And the proposed Structures in the Forest Area are essential to cover all the habitations in Nagarkurnool Constituency in Mahabubnagar Dist. As per the Hydraulic Designs and Topography of the Area the proposed locations are very much essential and there are no other alternative alignments.

v) Cost benefit analysis (to be enclosed) : Not applicable, as there is no other alternate to compare the cost.

vi) Employment likely to be generated : 36250 Man days.

2. Purpose wise breakup of the total Land required Extent :

After working out various options in execution of the Pipe Line Works in the forest Land, the diversion of forest land to the minimum requirement is worked out. The details of the land requirement are here with enclosed for more clarity.

The purpose wise land requirement for
 1. Pipe line Portion - 5.380 Hect.
 2. For Structures - 4.511 Hect.

Total - 9.891 Hec

5.113
 9.624 Ha

3. Details of displacement of people due

to the project if any:

i) Number of families : }
ii) Number of Schedule Caste / Schedule Tribal families. : }
iii) Rehabilitation Plan : }

No

41

4. Where Clearance under Environment (Protection) Act, 1986 Required? (Yes/No)

No

5. Undertaking to bear the cost of rising and maintenance of compensatory Afforestation and /or penal compensatory afforestation as well as cost are protection and regeneration of Safety zone., etc., as per the Scheme prepared by the state Government (under taking to be enclosed).

: Enclosed

6. Details of Certificates / Documents Enclosed as required under the instructions.
