

Compensatory Afforestation Suitability Certificate

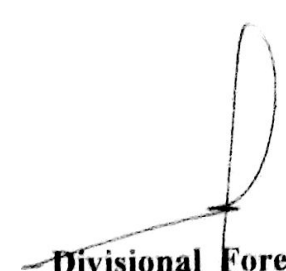

This is to be certified that, the following 40 Hectars degraded forest land in single patches has been proposed for Compensatory Afforestation under Range Surajpur, Forest Division - Surajpur for diversion of 19.907 Hectare of forest land in favor of Executive Engineer, FHH(Const.) Dn. CSPTCL Korba for Construction of L.L.O of 132 KV Vishrampur Pratappur line from loc.no. 31/0 to proposed 132 KV Substation Wardrafnagar Transmission line have been inspected and it is found that the proposed CA land is suitable for Compensatory Afforestation . At present CA land has growth of eupatorium, lantana and scrubs etc.

SN.	Patch No.	Division	Range	Compartment No.	Compartment Rakaba (in Hacter)	Proposed Area (in Hecter)
01.	Patch-1	Surajpur	Surajpur	PF-1628	87.919	40
Grand Total						40.00

At present the above proposed CA land is free from encroachment and encumbrances.

I have personally inspected the sites.
