Sir,

Kindly refer to the above. The physical involvement is for plot No.3273 only under Tebaria Mouja in the said diversion proposal. But due to inherent error of GPS instrument the other plots 558 & 1154 where area showing 0 .0008 ha and 0.003ha respectively involved in the shape/kml file which are so small area. However the shape/kml file is again rectified and submitted.

You are requested to kindly expedite the proposal on priority basis as the project is time bound work in nature.

Yours faithfully,

Encl:- As stated above.
