Sr. No.	Observation	Reply
1	Geo-Referenced map of the area proposed for diversion is incorrect.Positional Error has been found this needs rectification.	Revised GPS Map attached.
2	Demarcation of the Proposed area for diversion in the km1 file is undervalued .Some parts of the Protected area are demarcated as Non-Forest Land.This Needs Clarification/Rectification.	Please Review at the site because Proposed area for Diversion is Correct.
3	The Net Suitable area For Plantation as per GIS-DSS analysis as 0.14 ha.(for 160 trees required CA land is 0.16 ha.)	Changed Accordingly.
4	It appears from the Google earth imageries that construction has already been started. Since the Proposal involves Falling . Whether approval of the Hon'ble Supreme Court is obtained.	ROB is being Constructed in Non Forest land only, in forest area no construction is going on. The approval of the Hon'ble Supreme Court is obtained.
5	DFO needs to be revisit the site and certify that no works have been carried out in Forest Land.	It is Scope in DFO.
6.	Administrative approval/Sanction letter of the Project needs to be provided.	It is already attached with our proposal on Page No. 21-23.
