Hyderabad.

Rc.No. 1015/2016-17/GVMC/E.E-I Dt. 07-06-2016

Sir,

Sub: GVMC – Engineering – Request for sparing of land in survey no. 130 & 147, Chinagadili, Visalakshinagar, Visakhapatnam for construction of dhobikhana and laying of approach road to existing burial ground – Regarding.

---XXX---

It is to bring to your kind notice that the people residing in Jodugullapalem, Chinagadili mandal, Visalakshinagar, Visakhapatnam have been continuously pursuing this office for construction of dhobikhana and approach road to existing burial ground, for community purpose.

On verification it is informed that GVMC has no land to spare for construction of dhobikhana and approach road to existing burial ground in Jodugullapalem area.

It is learnt that the department of forests is having land in survey nos. 130 & 147 of Chinagadili mandal. As per the public requirement 0.04Hectares of land is required for dhobikhana and 0.048Hectares of land is required for approach road. The necessary DGPS has been conducted to find the appropriate location in the reserve forest area for the above requested purposes. At present both the amenities are not available in Jodugullapalem area and it is necessary to extend the facilities as requested from the GVMC side.

However it is to appraise that the GVMC is ready to bear the expenditure for construction of dhobikhana and approach road to existing burial ground with modern facilities.

Hence, it is requested that 0.04Hectares of land is required for dhobikhana and 0.048Hectares for approach road to existing burial ground may please be spared to the GVMC for the purpose of taking up said amenities to the public.

Yours faithfully

Commissioner
