Cost Benefit Analysis

While considering proposals for de reservation or diversion of forest land for non-forest use, it is essential that ecological and environmental losses and socio-economic distress caused to the people who are displaced are weighed against economic and social gains. Annexure- III, Table-A (Page No. 101) of Handbook of Guidelines dated 28-03-2019 issued by MoEF & CC details the types of projects for which cost-benefit analysis will be required.

As per MoEF & CC guidelines, all categories of proposals involving forest land up to 20 hectares in plains and up to 5 hectares in hills, Cost Benefit analysis is not applicable. Hence the same is not applicable in this case since our proposal for diversion of Forest Land is less than 5 Ha. Relevant pages of the Compendium on FCA are attached herewith.

Status of Environmental Clearance

Any Project or Activity mentioned in the SCHEDULE of "EIA Notification, 2006" issued by Ministry of Environment & Forests, prior Environmental Clearance is required. Since our Project of Laying of Underground Optical Fiber Cable (OFC) does not fall under the categories specified in the SCHEDULE of EIA Notification, 2006, no prior Environmental Clearance is required to be obtained.

Relevant extracts from above said Notification are attached herewith.
