

## Project Detail

14-A

Name of Project:- C/O Govt. Polytechnic College Udaipur Distt. Lahul & Spiti H.P.

The project envisages construction of Polytechnic College Building, at Udaipur L&S HP under the Deptt. of Technical Education, Govt. of HP. The construction of said building will provide easy access to the people to gain and enhance their technical skills being remotely located area. Since its very inception great difficulties are faced by the staff posted here to provide better and practical education to the students enrolled in this institution and hence causing major hardship or inconveniences to the students and staff of this institution. The grant of approval for the diversion of forest land, in view of non-availability of non-forest land, for the purpose of construction of Polytechnic College building here will greatly help and facilitate giving boost to the developmental works/Programmes (aimed at eradication of poverty, illiteracy and backwardness) launched by the State Govt. itself and with the support and assistance of central govt. so that the students taking education in this institution could get quality education to develop their technical and job oriented skills under Govt. Polytechnic College Udaipur L&S and enjoy the fruits of development and ultimately become more progressive and prosperous in the developmental journey of State of H.P. and hence nation.
