

TO WHOM SO EVER IT MAY CONCERN

This is to certify that the forest land proposed for diversion of 5 (five) Ha. area within Dullung R.F in the name Ghagar Sand, Gravel and Boulder mahal is located beyond aerial distance of 50 (fifty) Kilometres from the nearby Eco- Sensitive Zone (ESZ). In between the project and the protected area, there are huge revenue villages and hence this mahal area will not have any impact on protected areas.

(Dr. Vasanthan B. IFS)
