Annexure A

The Administrative Approval and Expenditure Approval for the following schemes is accorded subject to the following terms and conditions

1. The work should be taken up strictly as per JJM Norms, conforming to the NRDWP guidelines 2013 along with amendments in the clauses of Manuals which are circulated to all the Chief Engineers vide this office letter No. IPH-SE-(P&I-I)-D-I. Tech Comm./2018-19-2355-63 Dated 4.9.2018.
2. Before start of work all codal formalities of previous A/A & E/S should be completed
3. Before start of work it must be ensured that source is free from dispute and it will not affect other irrigation/ drinking.
4. The design / specifications adopted in the Estimate/DPR should be followed strictly. If any change is unavoidable or any discrepancy is observed in the design / estimate, it should invariably be referred to the competent authority for clarification and approval before taking up work in hand
5. 5% of the cost of the In-village component should be borne by the community benefited.
6. VWSC should be formed for O&M of the in-village component.
7. The work under Jal Jeevan Mission shall exclude the cost of operation and maintenance charges, residential and other buildings, vehicles, and any other contingency.
8. It should be proposed to concomitantly execute the grey water management works with drinking water supply works. Separate provision for the component should be made and posed for funding under MGNREGA and not under Jal Jeevan Mission.
9. On completion the PRIs should be requested to take over In-village infrastructure of the scheme for maintenance by recording the same in their asset register and GPs need to be directed to provide funds from the grant available with them for their maintenance.
10. Third party inspection of the FHTC has to be made to ascertain the functionality of the scheme.
11. During projects implementation, the Physical and Financial Progress shall be uploaded on Jal Jeevan Mission integrated management information system so as to account for the household connections under the Mission.
12. Geo-tagging of schemes (all assets) shall be done as per the procedure/ rules laid down under Jal Jeevan Mission.

13. Source Sustainability measures shall be undertaken simultaneously through works like Point Recharge Structure, Rain Water Harvesting Structures by convergence with MGNREGA and IWMP (Integrated Watershed Management Programme) through State schemes.

14. The year wise Action plan to provide FHTC to the household should be prepared and submitted to the office of Engineer in Chief, I&PH, Jal Shakti Bhawan, Tutikandi, Shimla - 171005 before accord of A/A & E/S.

TECHNICAL NOTE

The Administrative Approval and Expenditure Approval under Jal Jeevan Mission for the following schemes is accorded subject to the following terms and conditions:

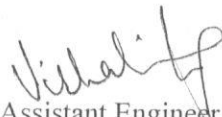

1. The plan proposal shall be approved by the Chief Engineer and appended with the detailed technical estimate.
2. Concerned Superintending Engineer must inspect the site before preparation /submission of the submission of the detailed technical estimate to ensure proper technical suitability and feasibility.
3. The requisite quantity of water shall be re ascertained at source by the Executive Engineer.
4. The Executive Engineer shall certify that the proposed alignment of main line is the shortest and technically most feasible at site.
5. A working programme shall be finalized before approving the detailed technical estimate so as to complete the work as per the time stipulated in the DPR.
6. The lowest market rates shall be applied/ followed after completion of all codal formalities.
7. The T/S amount shall not exceed the A/A&E/S approval amount variation if any should immediately be brought to the notice of this office.
8. Lean period discharge shall be checked frequently during the entire life of the project. Any variation to the negative side must be brought to the notice of this office for suggesting possible remedy.
9. EE shall personally check the layout of treatment units and civil works. The possibility to provide positive suction to the pumping machinery may also be explored before posing the estimate for technical sanction.
10. Rising main shall be proposed after ascertaining availability of pumping machinery of requisite duty condition.
11. It shall be ensured that location of treatment unit's intake is sufficiently away from flood prone area before approving the detailed technical estimate. HFL should be clearly marked on the plan.
12. The nomenclature adopted shall be as per relevant code specifications with up to date amendments. The quality of various materials such as pipes, fitting specials should confirm to relevant codes.
13. The detailed technical estimate under Jal Jeevan Mission shall exclude the cost of operation and maintenance charges and any other contingency.

8

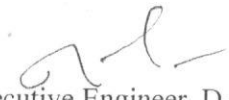

14. Water Quality Monitoring & Surveillance shall be undertaken after the completion of the scheme. Regular testing of water quality needs to be undertaken in line with the water quality monitoring protocol as prescribed by Department of Drinking Water and Sanitation. Detailed technical estimate in this regard should be elaborated in the Executive summary /History sheet.
15. The technical design and other aspects of the scheme and the implementation shall be based on the provisions of Bureau of the Indian Standards as applicable with quality control. The design shall be vetted by the competent technical authority in the State.
16. Provision of water meter should not be taken in the estimate while according T/S.
