

SHIMLA MUNICIPAL CORPORATION

NO:-MCS/XEN | R-22 | 2024 - 3198
From

DATED: 27/11/2024

To
Commissioner,
Municipal Corporation,
Shimla H.P

The Divisional Forest Officer (U),
Forest Division Shimla (Khallini)
Shimla H.P

Subject :-
Diversion of 0.0112 hact. of forest land in favour of Commissioner of MC Shimla for the construction of Ambulance road from the fire brigade road for the building of Daizy Bank Estate, Lower Jakhu Shimla, ward no.16 (kms 0/00 to 0/045) within the jurisdiction of Shimla (U) forest division Distt.Shimla.

Sir,

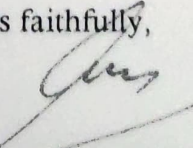

On the subject cited above the reply to the query raised is as under:-

1. The KML file/Layout showing Forest Land and Non Forest Land in different colours along with the relevant documents has been uploaded online. On end of this road there is non forest land. Which is owned by M.C. Shimla and there is no trees in this land also revenue paper regarding non forest land has been uploaded on additional documents online portal and we are unable to add the area of the non-forest land in part-I online portal due to technical issue.(System is not allowing to add the non-forest area)

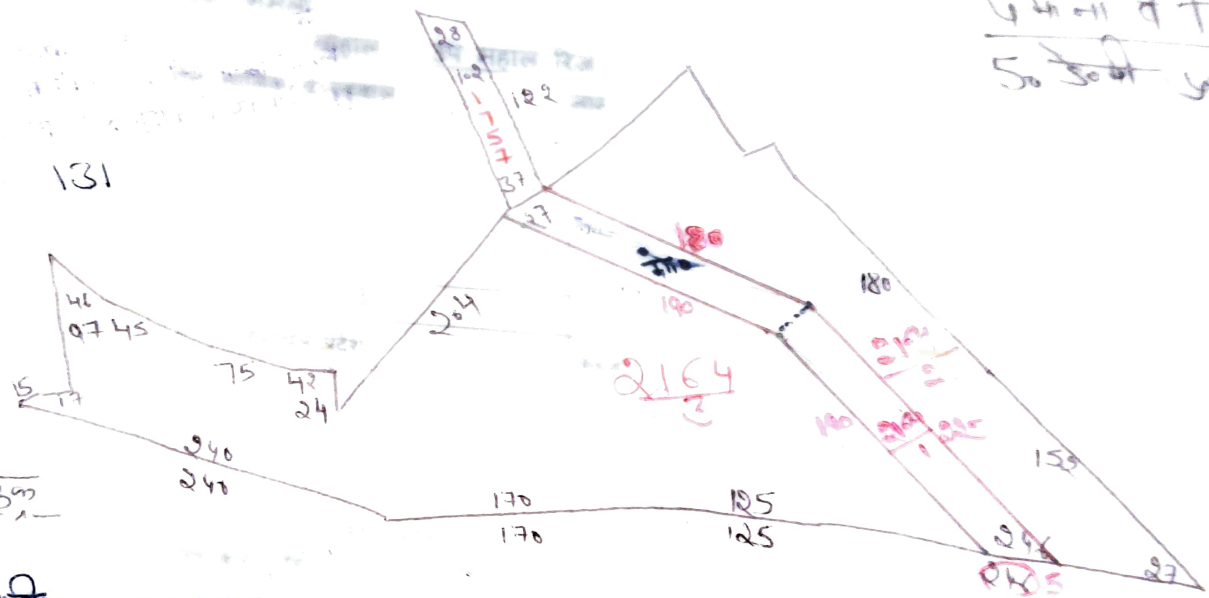

2. The proposed road to the building in the Dazi Bank Area shall cater to the needs of around 600 people living in the area which is not connected by any road. The upper and lower roads are approachable by the narrow and steep stairs around 100 each side going in between the building from where carrying a patient in case of emergency is very difficult. Moreover this road is also required for disaster management whenever the need arises for the large number of people living in the area.

3. This area is densely populated and there is no land available for the alternative alignment. The road has necessarily to pass through the forest land. Future from where the road has to start, the area has these trees. On the upper side. There is a multi-storeyed building and on the lower side are the retaining walls and building of the ropeway Hence the trees cannot be saved by circumventing these trees because the land is not enough at that place and the road has to pass through that area only

Yours faithfully,

a/c Executive Engineer,
(R&B) M.C. Shimla
