Dear Sir,

This has reference to the EDS raised by your good office on the above referred proposal.

The point wise reply to the shortcomings pointed out is given below:

S. No.	EDS raised	Reply
1	KML of Hathras is not correct. As per the letter of DFO, Hathras and uploaded geo referenced map by the applicant, 8 roads/Railway line are being crossed by the proposed alignment whereas only six have been shown in KML file.	Updated .KML file has been uploaded. However, it should be noted that Kasganj-Achhnera railway line is adjacent to SH-33 hence both sides of Railway Line & one side of SH-33 has been taken. Total Eight (8) patches have been shown.
2	Area calculation of forest land and non-forest land is not correct. The applicant has calculated the area of every segment considering them as rectangle. Upload detailed area calculation of every section alongwith formula.	Detailed area calculation has been uploaded. a) Forest land calculation is shown on the geo-referenced digital maps. b) Non Forest land calculation is shown as an attachment to the detailed calculation.
3	It was also pointed out on EDS raised on 09.09.2019 about	Delhi-Howrah railway track in Firozabad District has now been included in forest
