**Subject:** Application for "Consent to Establish" NOC.

Reference your application on the above cited subject through the Environmental Engineer, Punjab Pollution Control Board, Regional Office, Hoshiarpur, the Punjab Pollution Control Board has "No Objection" for setting up of Residential Colony in 16.23 acres area with plots at Vill. Jian, P.O. Bassi Kalan, Adda Chabbewal, Distt. Hoshiarpur, subject to the following conditions:-

1. The project proponent shall obtain a clearance certificate from the Board to the effect that they have installed proper and adequate sewage treatment facility & make proper arrangements for disposal of treated effluent and municipal solid waste before the project is actually put into use.
2. The N.O.C. is valid for a period of one year from the date of its issue or till the complete development of colony whichever is earlier.
3. The project proponent shall submit the change of land use certificate to Punjab Pollution Control Board, failing which Punjab Pollution Control Board will be at liberty to revoke the NOC.
4. The project proponent shall obtain Environmental Clearance from the Government of India, Ministry of Environment & Forests under EIA Notification dated 14/9/2006 and its amendments, if need be.
5. The project proponent shall construct and commission the sewage treatment plant simultaneously with the development of the colony and the treated waste water shall conform to the effluent standards adopted by the Board for such discharges onto land for irrigation.
6. The project proponent shall make arrangements for disposal of the treated wastewater onto land for plantation/irrigation and shall not allow it to stagnate anywhere inside or outside the colony. The project proponent shall make adequate arrangements to provide sufficient area for the disposal of treated domestic effluent as per IS: 2490 (Part-1)-1981 (amended upto date) either inside or in the vicinity of the colony or obtain sewerage connection from the local body.
7. The project proponent shall provide proper network system to discharge treated effluent onto land for irrigation/plantation developed properly.
8. The project proponent shall adopt a suitable management system for collection, treatment and disposal of solid waste as per provisions contained in Municipal Solid Waste (Management & Handling) Rules, 2000, as amended from time to time.
9. The project proponent shall obtain the authorization under Municipal Solid Waste (Management & Handling) Rules, 2000 and dispose off municipal solid waste to be generated from the residential colony to the satisfaction of the Board.
10. The project proponent shall inform the compliance of NOC conditions to the Board after allotment of plots to ensure that adequate arrangements for treatment and disposal of sewage and municipal solid waste have been made.
