To
The Additional PCCF and Nodal Officer (F.C Act)
O/o Principal Chief Conservator of Forest
And Head of Forest Force, Assam
Rehabari, Guwahati-781008

Sub: Justification for locating the project in side Dyang Reserve Forest Land for Diversion of Forest Land Measuring 20.72 Ha for 6 Trunk Pipeline Replacement Project.

Ref 1) your comment dated 29.09.2016.

Sir,

It is to bring to your kind notice that ONGC proposes to build a 4 inch pipeline to transmit well fluids from KSAB at Kasomarigaon to T-Point of Borholla-Koraghat pipeline, which is located outside Dyang Reserve Forest. The well at Kasomarigaon (KSAB) falls inside the Dyang Reserve Forest. The proposed pipeline has to traverse through forest area and cannot be avoided.

Hence the pipeline project area has to be located inside Dyang Reserve Forest area.

Regards

23/10/16
