Subject: **Justification to Lay Optical fiber cable from CH-131 to 175**

Ref- Proposal no-FP/CG/Others/20612/2016

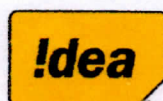

Dear Sir,

IDEA Cellular Limited Ltd is registered with Department of Telecommunications (DOT) for establish and maintain the assets such as Dark Fibers, Right of way, Duct space and Tower & having its registered office at 139-140 Electronic Complex pardeshipura Indore (M.P.)

To provide better cellular services we need to lay optical fiber cable (OFC) through duct, since telecom services are essential once & to meet public satisfaction IDEA Cellular Ltd is rolling out our fiber network like BSNL from Mandla (M.P) to Manendragarh (C.G.) via Dindori, Amrkantak, Pendra, Marwahi, Khongapani i.e appr.-380 km. & company is spending appr. 200 Mn to digitalized appr. 20 Mn census population.

With Reference of Query from your good office against our proposal No- FP/CG/Others/20612/2016 ,regarding to lay Optical Cable not along with road in between chain age 131 to 175,below is perceptive for your's kind review & consideration.

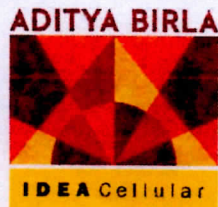

1. From CH 131 to 175 , Concerned area is hilly terrain and here Existing Road having many curve, to avoid curve & to acquire lesser forest area ,the route has been selected.
2. As studied and analysis the ground condition of the concerned area from chain age 131 to 175 the formation of the land is rocky and moreover it's difficult to lay the optical cable at rocky area ,Even though if we lay optical cable along with the road utmost forest area will be acquired, accordingly route has been selected to acquire lesser forest area and there will be no forest environment damages.
3. On selected route from CH 131 to 175 the density of the forest is very less & we can execute the work without disruption /damage to forest property.
4. NH Expansion is going on from Shahdol to Manendragarh due to the same may be road curved will the straighten accordingly proposed path/route positioned along with road.
