
PROJECT REPORT

FOR

**CONSTRUCTION OF CEMETERY / GRAVE
YARD FOR CATHOLIC CHRISTIANS OF THE
INFANT JESUS CHURCH, AGASEBAGIL,
SIRSI TALUK U.K. DISTRICT.**

PROJECT COST : Rs. 15.00 LAKHS

INTRODUCTION :

The Infant Jesus church is located in Agasebagil, Sirsi in Uttar Kannada district. This church has Christian population of around 2000 people. This Parish was erected by Rt. Rev. Bishop Dr. William. D'mello and the church was inaugurated and blessed by Msgr. Simon Tellis in year 1996.

All the Christian church activities are held in this church including burial service of dead. For this purpose (burial of dead bodies) till now, we were utilising the area bearing F. Sy. No.139C at Kalkuni road , Agasebagil. For Catholic Christians, burial ground is a holy place, where the last rites are conducted of dead people. It's like a launching pad from earth to heaven. It's a meeting place of living and the dead. Christians believe that the buried have gone before us and where the dead are gone there others have to follow. That's the Christian's belief and hope. Hence a Grave yard / Cemetery is a religious and spiritual need of Christians.

As a Catholic to express their faith in God, hope in resurrection of life, and love towards their beloved ones the Grave yard / Cemetery land is the dire need, for which the Infant Jesus church Agasebagil, Sirsi authorities are appealing for the above said land ever since 1995-96. As per these requirements, the project plan for the Catholic Christian burial ground for The Infant Jesus church Agasebagil, Sirsi at Kalkuni road F. Sy. No.139 C is prepared.

PROJECT :

As per requirements and need of Catholic Christians, the project for the Cemetery / burial ground for The Infant Jesus church, Agasebagil, Sirsi, this proposal has been prepared for area of 0.92 hectares on F.
