Ref: - Proposal No. FP/GJ/Others/ 31582/2018

Office letter no. No. RCIL/MGR/NOFN/BVP/Forest/ 26 Date 30/06/2018

Our office letter No. GMN/T. 11/ 3275/18-19 dt 18/7/18.

Dear Sir

The National optical Fiber Network (NOFN) is a project of Government of India which is being implemented to empower rural India through high speed broadband. Under this project, bandwidth of 100 Mbps will be extended to each and every Gram Panchayat of India to synergize ongoing and future government programs like e-governance, e-panchayat, Aadhar etc. In Gujarat state, M/s RailTel Corporation of India Ltd. (RCIL) is implementing the NOFN project under the supervision Bharat Broadband Nigam Limited (BBNL), an SPV of Department of Telecom (DoT), to connect all the 13758 Gram Panchayats of Gujarat by laying approx. 28000 Kms of optical fiber. ROW (right of way) permission for the same is already issued by Government of Gujarat for laying of the optical fiber cable.

Online applications for forests clearance has been submitted and hard copies of applications are hereby submitted in ~~seven~~ sets with all related applications. ~~with resolving all queries.~~

Forwarded for N/A please.
