

ANNEXURE-1

Statement showing the Details of Forest Area Involved with Breakup

1. **Authority:** Oil & Natural Gas Corporation Ltd.
2. **Project Report:** Enclosed as Annexure-6
3. **Route Particulars:** ONGC proposes to build a 4 inch pipeline to transmit well fluids from KSAB at Kasomarigaon to T Point at Borholla-Khoraghat Pipeline of Assam Assets in Golaghat District of Assam

Sl.	Name of Location	Remarks
A	Dyang Reserve Forest	The proposed pipeline alignment crosses the Dyang reserve forest at different location. KSAB to T Point on Borholla –Khoraghat Pipeline (Length 13813.33 m) The width required for laying pipeline is 15 m. Therefore the total area of forest will be 15m x13813.33 m, which is equal to 207200 Sqm . Thus the total area is 20.72 Hectare.
4.	No. of villages affected : by Crude Oil Pipeline	NIL
5	Administratively approved cost : including land acquisition and road crossing	Rs.173.28 Crore
6	Program for completion :	09.01.2017
