

### PART-III

(To be completed by the Officer-in-Charge of the national Park/Sanctuary completed and submitted to the Chief Wild Life Warden or Officer authorized by him in this behalf within 30 days of the receipt of PART-II)

1. Date of receipt of Part II	10.10.2013
2. Total area (ha) of National Park/ Sanctuary	Tiger Reserve = 760.87 km <sup>2</sup> Buxa Wild Life Sanctuary = 273.35 km <sup>2</sup>
3. Total Area (ha) Diverted from NP/WLS so far For Development purposes	Nil
4. List the past projects and area (ha) Diverted Name of Project Area Diverted Year of Diversion	NA
5. Positive impact (s) Due to the diversion of area for the projects referred to coloumn4 above  Name of project (s) Positive Impact Scientific Basis Assessment (attached Separate sheet , If required)	NA
6. Negative impact (s) Due to the diversion of area for the projects referred to coloumn4 above  Name of project (s) Positive Impact Scientific Basis Assessment (attached Separate sheet , If required)	NA
7. Management plan period Attached copy of Management Plane/ Management Scheme/ Recommendation of Chief wildlife Warden	Tiger Conservation Plan 2013-2022
8. List Management action taken / proposed to be taken in whole Block/ Zone in Which the proposed area are located.	Area proposed for diversion faces partly in Core and forest village area in Buffer. No interventions are proposed except providing protection to existing area from electrocution
9. Type of forest in which the proposed area falls.	Teak Forest, dry mixed forests
10. Location of proposed area w.r.t the critical/ intensive wildlife management areas/ wildlife habitats (attached map of Scale)	Proposed project area falls under Core except part of forest village
11. List of likely POSITIVE AND NEGATIVE impact/s of proposed project giving scientific & technical justification for each impact.	No positive impacts as such on Tiger Reserve. But energy supply to Nation is vital. Negative impacts = May disturb the Wild Life during work execution. Accidents may happen during high speed winds/cyclones, loss of vegetation.

12. Provide COMPREHENSIVE details of the impact of proposal in terms of section 29 and/or section (6) of the Wild life (protection) act 1972 as the case may be.	Section-29, Part of area diverted from Kuamrgram Forest village should be compensated adequately. Section-6 of Wild Life (Protection) Act 1971= The proposal may be submitted to State Board for Wild Life for scrutiny and consideration.
13. Whether the project authorities have ever committed violation of the Wild life (protection) act 1972 or forest Conservation act 1980. If yes Provide the EXHA. USTNE details of the offence and present status of case. (Concealing or Misrepresenting the fact will lead to rejection of the case in addition to any other penalty as prescribed under Law)	No
14. Have you examined the project Appraisal document and alternative as provided in part-II?	Yes
15. Have you examined the Bio diversity impact Assessment Report?	No Biodiversity impact assessment carried out.
16. If yes please give your comments on the recommendations give in the report?	NA
17. Date of duration of your field visit to proposed site.	11 days (Visited on 10.10.2013)
18. Do you agree that the present proposal of diversion of NP/WLS area is the best or the only option and is viable.	Yes. This is the best available options as all other alternatives involve more forest land and project can not be executed without traversing through forest
19. Any other information that you would like to bring to notice of state Board for Wildlife, National Board for Wildlife or Standing	Sufficient precautionary measures shall be put in place to avoid any kind of accidents to Wild Life & corridor connectivity with bordering Assam and Bhutan.
20. Do you recommend the Project	Yes

(Please provide full justification to support your recommendations)

A very nominal portion of Forest land is involved but Nation for overall development gets vital energy.

  
Chief Conservator of Forests &  
Field Director, Buxa Tiger Reserve
