**Certificate for all the alternatives have been explored and the proposed forest
land is the minimum land required for the proposed project**

The road from Neeru to Skinder stands sanctioned in phase-VII under Package No. JK03-72. The road is proposed to take-off from Neeru village falling on Dawar Tulail road and takes along the bank of Neeru Nallah, which involves minimum forest area, since there is no alternate alignment as per the Assistant Commissioner Revenue Bandipora's report vide his No. DCB/LA/2014/442 Dated: - 4/4/2014 (copy enclosed). Hence the construction of the road along this alignment is the only viable option so as to provide connectivity to the habitants of the Skinder village.
