Ref: RCCF Angul letter no 6417 dated 27.12.2017

Sir,

This is in reference to the forest diversion proposal of (Chandikhole-Duburi-Talcher) NH-200/23 having 105.361 Ha forest land under district Jajpur

As desired the compliance of observation para 4 of RCCF Angul's letter no 6417 dated 27.12.2017 is submitted here as under –

Para	Observation	Compliance
Para-4	As per check list SL. No.13, the FRA Certificate enclosed in the DP is only for an area of 16.808 ha, but as per check list SL. No.16 the FRA Certificate is 101.845 ha issued by the Collector, Jajpur in respect of the above project. The instant proposal is diversion of 105.361 ha in respect of your division. Please clarify the position.	<p>Initially 16.808 Ha forest land has been identified in the Jajpur district accordingly FRA of 16.808 Ha land obtained from Collector and submitted with DGPS maps. But during Hall/Sabik verification 17.78 Ha more forest land identified and later on 84.065 Ha additional forest land identified in between Chandikhole-Duburi section of the project. Accordingly this office has requested district Collector Jajpur for providing FRA certificate and initiated the DGPS work.</p> <p>After completion of DGPS it has been noticed that only 88.553 Ha additional forest land is getting on the alignment of NH-200 which is to be diverted. But Collector Jajpur has issued FRA certificate of more forest land as requested by this office earlier before DGPS done.</p>

		<p>Total forest land to be diverted in the district Jajpur is 105.361 Ha FRA issued for 118.653 Ha (16.808 + 101.845)</p> <p>Hence FRA of excess forest land of 13.292 Ha may kindly be ignored.</p>

In view of above compliance it is requested to please resubmit the proposal to RCCF Angul.
