No.89, Dr. Radhakrishnan Salai, Mylapore, Chennai - 600 004.

To  
The District Forest Officer,  
Tiruvallur Forest Division,  
Tiruvallur.

Date : 03.11.2025

Sir,

Sub: Forest (Conservation) Act – Chennai Circle – Tiruvallur Forest Division – Proposal for laying of OFC along the roadside across the Egumadurai RF and Kondamanallur RF in Gummidipoondi Taluk, Tiruvallur District – Clarification regarding actual requirement of area and KML file – Submitted – Reg.

Ref: 1. Online Proposal No. FP/TN/Others/40414/2019 dt.23.08.2024.  
2. District Forest Officer, Tiruvallur letter C.No.2067/2024/D dated 13.10.2025.

-----

With reference to the above subject, it is respectfully submitted that the actual requirement for laying the OFC cable trench is 910 mts. in Egumadurai RF and 610 mts. in Kondamanallur RF. The trench width will be 0.30 meter in both locations. While preparing the KML file for submission, a polygon was created to indicate the proposed trench alignment. During the conversion of the polygon into KML format, the system automatically calculated the **perimeter of the polygon**, which was mistakenly interpreted as the **length of the trench**.

It is therefore clarified that the actual trench lengths reported by the Forest Range Officer, Gummidipoondi (910 mts. in Egumadurai RF and 610 mts. in Kondamanallur RF) are correct and correspond to the field conditions. However, we verified the KML file and re-uploaded for reflecting the actual area exactly 0.0456 ha., as per field condition, for further necessary action.

This is for favour of kind information and necessary approval.

Yours faithfully.
