Justification for Locating the Project

The other all possible alternatives were examined by us. Our project is surrounded by forest area. It is not possible to implement the project other than the forest area in forest survey-no 1140 of Shirur. Dist-Pune and immediate requirement for the proposed project and there is no alternative non forest land available for this purpose. The completion of the project two number of 500mm Dia DI Pipe Line and 450 mm Dia DI Pipe Line is required the Forest Land.

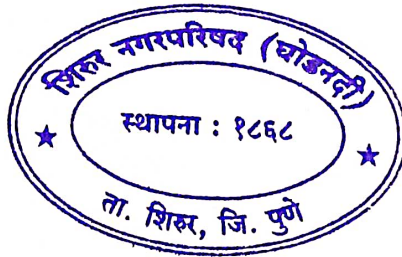

As our two number of 500mm Dia DI Rising Main Pipe Line is from Keti were Jackwell and Ghodnadi Jackwell to WTP and our Pipe line is passing through Forest Land to WTP and our 450 mm Dia DI Distribution Pipe Line is from WTP to Late Ali (Residential Area), so both the Pipe Line is passing through forest land so we have decided to take necessary permission under the Provision of the forest (Conservation) Act, 1980 hence this proposal is submitted for necessary clearance.

We are aware the fact that, such Forest Land comes under the preview of the Forest (Conservation) Act, 1980 making it incumbent on the state Government to obtain prior approval of the Central Government under the provision of the said act. Hence this proposal is being submitted for further necessary clearance.

However, the proposal may please be moved for necessary sanction.

Date – 18/10/2021

Place – Shirur
