The Secretary (Forests)
Government of Bihar
Patna.

Subject:- Diversion of 45.04 ha. of forest land on 10 year
lease for Parel East Coal Project of CCL in
Hazaribagh district.

S11.

I am directed to refer to your letter No. VAN/BHU/
HA/ Mining/90-91/10388/VP dated 18-9-1991 on the above
mentioned subject seeking prior approval of the Central Govt
in accordance with Section 2 of the Forest (Conservation)
Act, 1980 and to say that the proposal has been examined by
the Advisory Committee constituted by the Central Government
under Section 3 of the aforesaid Act.

2. After careful consideration of the proposal of the
State Government and on the basis of the recommendation of
the above mentioned Advisory Committee, the Central Government
hereby conveys its approval under section 2 of the Forest
(Conservation) Act, 1980 for diversion of 43.52 ha. of forest
land on 10 year lease for Parel East Coal Project of CCL in
Hazaribagh district subject to following conditions:

- 1) The land status of the forest land will remain
unchanged.
- 2) Compensation for loss of forest land shall be paid at the
subject cost over equivalent forest land which
will be declared as protected forest reserve forest.
- 3) A permanent plant shall be done over the area
lost and equivalent forest land shall be maintained
for the same period as the original forest land.
- 4) The regeneration of forest land shall be done at the
subject cost over equivalent forest land.

1 2 :

- v) Rehabilitation of the oustees shall be done as per the scheme and no forest land will be utilised for this purposes. Families which are to be displaced should be supplied coal at subsidized rate from coal depot established for this purpose by the project authorities.
- vi) Mined over area shall be reclaimed/restored after mining is over.
- vii) In order that the construction labour and staff while working on the project in the forest area may not cause destruction to the forest area for meeting their fuel wood needs, the user agency will establish fuel wood depots and project authorities will supply fuel wood or other source of energy to the staff and labourers engaged in the project free of cost.
- viii) No explosive should be allowed to be stored in the forest area.
- ix) Tree planting shall be done on all the open space in the lease area at the project cost.

Yours faithfully,

(MUNINDRA)

Under Secretary to the Government of India

AUG 2008

Diversion of 7.10 ha of forest land in respect of Parej Open Cast Mining Project in favour of M/s. Central Coal Fields Limited (CCL), Jharkhand.

Sir,

I am directed to refer to the State Govt. letter no. Vanbhumi-42/2003/1332/VP dated 31.03.2004 on the above mentioned subject seeking prior approval of the Central Government in accordance with Section-2 of the Forest (Conservation) Act, 1980. After careful consideration of the proposal by the Forest Advisory Committee constituted under Section-3 of the said Act, in-principle approval for the said Mining Lease was granted vide this Ministry's letter of even number dated 01.07.2004 subject to fulfillment of certain conditions. The State Government has furnished compliance report in respect of the conditions stipulated in the in-principle approval and has requested the Central Government for final approval.

In this connection, I am directed to say that on the basis of the compliance report furnished by the State Government vide letter no. Vanbhumi-42/2003/6115 dated 28.11.2007, approval of the Central Government is hereby granted under Section-2 of the Forest (Conservation) Act, 1980 for diversion of 7.10 ha of forest land in respect of Parej Open Cast Mining Project in favour of M/s. Central Coal Fields Limited (CCL), Jharkhand, subject to fulfillment of the following conditions:

1. Legal status of forest land shall remain unchanged.
2. a. Compensatory afforestation shall be raised and maintained by the State Forest Department at the project cost.
b. Fencing, protection and regeneration of the safety zone area (100 metres strip all along the outer boundary of the mining lease area as recommended by the State Government) shall be done at the project cost. Besides this, afforestation on degraded forest land, to be selected elsewhere, measuring one and a half times the area under safety zone, shall also be done at the project cost. Wherever possible and technically feasible, the User Agency shall undertake afforestation measures in the blanks within the lease area, as well as along the roads outside the lease area diverted under this approval, in consultation with the State Forest Department at the project cost.

Following activities shall be undertaken by the User Agency at the project cost:

- (i) Proper mitigative measures to minimize soil erosion and choking of streams shall be prepared and implemented.
- (ii) Planting of adequate drought hardy plant species and sowing of seeds to arrest

PROJECT OFFICER
PAREJ EAST PROJECT

soil erosion.

(iii) Construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour.

(iv) The areas shall be reclaimed keeping in view the international practice of stabilizing the dumps by grading / benching so that angles of repose (normally less than 28 at any given place) are maintained.

(v) The soil management plan should be strictly adhered to.

4 The forest land shall not be used for any purpose other than that specified in the proposal.

5 The approval under the Forest (Conservation) Act, 1980 is subject to the clearance under the Environmental Protection Act, 1986.

6 The user agency will make arrangement for free supply of coal to labourers and staff working on the project site so as to avoid any pressure on the adjacent forest areas.

7 The period of permission for lease under the Forest (Conservation) Act, 1980 will be for 20 years subject to possession of valid lease by User Agency under the MMDR Act, 1957.

8 Demarcation of mining lease area will be done on the ground at project cost using four feet high reinforced cement concrete pillars with serial numbers, forward & back bearings and distance from pillar to pillar.

9 Mining reclamation schedule shall be implemented by the user agency at their cost as per Environmental Management Plan / phased programme.

10 The user agency shall also take up study on soil erosion / soil flow from the over-burden areas with the help of GIS in consultation with the forest department.

11 The user agency shall take up the de-silting of the village tanks within five km area from the mine lease boundary as a Corporate's social responsibility so as to mitigate the impact of siltation of such tanks if any.

12 Any other condition that the State Govt. or the Chief Conservator of Forests (Central), Regional Office, Bhubaneswar may impose from time to time in the interest of conservation, protection or development of forests.

Yours faithfully,

(C.D. Singh)

Compliance of condition laid down in stage II Forestry clearance vide letter no. F/8-209/1991-FC (VII-II) Dated 17/7/2008 MOEF Govt. of India, New Delhi.

Observation	compliance
1. Legal status of forest land shall remain unchanged	1. It is certified that the legal status of the forest land shall remain unchanged.
2. (a) Compensatory afforestation shall be raised and maintained by the state Forest Department at the project cost. (b) Fencing, protection and regeneration of the safety Zone area (100 meter strip all along the outer boundary of the mining lease area as recommended by the state government) shall be done at the project cost. Besides this, afforestation on degraded forest land, to be selected elsewhere, measuring one and a half times the area under safety zone, shall also be done at the project cost. (c) Wherever possible and technically feasible, the User Agency shall undertake afforestation measures in the blanks within the lease area, as well as along the roads outside the lease area diverted under this approval, in consultation with the State Forest Department at the project cost.	2 a) The cost of compensatory afforestation has already been deposited to the D.F.O. Ramgarh vide cheque No.985065 dated 29.09.2005 through letter No.1416 dated 30.09.2006. b) The cost of fencing, protection & regeneration of the safety zone area and afforestation on the degraded forest land measuring one and a half times the area under the safety zone area has already been deposited to PCCF, Ranchi vide cheque no.989961 dated 27.11.93 through letter no.2961-78 dated 3.12.93 as this 7.10 ha forest land falls under the safety zone area of 43.52 ha forest land diverted in the year 1993 and forest compensation including cost of safety zone in respect of 43.52 ha. Forest land has already been paid in the year 1993. c) The Area diverted is very small and already utilized by OB dump. Tree plantation has already been done over it. Hence, this condition will not be applicable.
3. Following activities shall be undertaken by the User Agency at the project cost: i) Proper mitigative measures to minimize soil erosion and Choking of streams shall be prepared and implemented ii) Planting of adequate drought hardy plant species and sowing of seeds to arrest soil erosion. iii) Construction of check dams, retention/ toe walls to arrest sliding excavated material along the contour. iv) The areas shall be reclaimed keeping in view the international practice stabilizing the dumps by grading/benching so that angles of repose (normally less than 28 at any given place) are maintained. v) The top soil management is also very poor. No proper data regarding availability and use of top soil has been maintained.	3) i) The Area diverted is very small and already utilized by OB dump. Tree plantation has already been done over it. Hence, this condition will not be applicable. ii) To arrest soil erosion plantation has already been done iii) The Area diverted is very small and already utilized by OB dump. Tree plantation has already been done over it. Hence, this condition will not be applicable. iv) The Area diverted is very small and already utilized by OB dump. Tree plantation has already been done over it; The angles of repose (less than 28) are maintained. v) The top soil management plan has been prepared and maintained.

4. The forest land shall not be used for any purpose other than that specified in the proposal.	4. It is certified that forest land will not be used for any purpose other than that specified in the proposal.
5. The approval under the forest (conservation) act, 1980 is subject to the clearance under the Environmental protection act, 1986.	5. Environmental clearance is already granted by MoEF vide No J-11015/36/89-IA-II(M) dated 23.11.1992.
6. User agency will make arrangement for free supply of coal to labourers and staff working on the project site so as to avoid pressure on the adjacent forest area.	6. It is certified that User agency will make arrangement for free supply of Domestic Gas/coal to labourers and staff working on the project site.
7. The period of permission for lease under the forest(conservation) Act, 1980 will be for 20 years subject to possession of valid lease by User Agency under the MMDR Act, 1957	7. The period of mining lease under MMDR Act, 1957 is not mentioned and period of permission under FC Act 1980 is 20 years. CCL undertaken that no non-forestry activity will be done on subject forest land after expiry of the period of diversion under FC Act 1980
8. Demarcation of mining lease area will be done on the ground at project cost using four feet high reinforced cement pillar with serial numbers, forward & back bearings and distance from pillar to pillar.	8. Four feet high RCC Pillar have been erected on ground in the year 2009-2010 for demarcation of ground with serial numbers, bearing and distance from pillar to pillar.
9. Mining/ reclamation schedule shall be implemented by the user agency at their cost as per Environmental Management Plan/ phased programme.	9. The mining / Reclamation schedule will be implemented at the project cost as per Environmental Management plan/phased reclamation programme.
10. The user agency shall also take up study on soil erosion/ soil flow from the overburden areas with the help of GIS in consultation with the forest department.	10. The Area diverted is very small and already utilized by OB Dump. Tree plantation has already been done over it. Hence, this condition will not be applicable.
11. The user agency shall take up the de-silting of the village tanks within five Km area from the mine lease boundary as a corporate's social responsibility so as to mitigate the impact of siltation of such tanks if any.	11. The user agency shall undertake to mitigate the impact of siltation of nearby village tanks within 5 km area from mine lease boundary as a CSR. Under CSR Following work has been done- A) Construction of pond as Jamuniya tola under CSR work of PEOCP value of Rs-389249.89 is completed. B) Construction of 6 nos. Bore hole and installation of hand pumps, including allied works at Barisum Village, Jamunia Tola & Fakodih village under CSR work for amount of Rs. 400659.12 has been completed. C) Construction of Bore Well & one Hand pump in Birho Tola, Durukasmar amount to Rs. 728101.78 has been completed.
