

OFFICE OF THE SUPERINTENDING ENGINEER PMGSY CIRCLE BATOTE.

Justification Letter For Forest Diversion.

- 1) The project for the construction of road from Nowpachi Deherna upto Hanzal Length = 18.00 km Package No. JK01-166 is sanctioned in Phase-X under PMGSY. The some portion of this road passes through the Forest area from Km 6th onwards. The village Telleri, Hanzal and ultimately the whole Sub Division Marwah shall get connected by the all weather road with District Head Quarter Kishtwar and will provide connectivity to population of about 16000.00 Souls inhabitating in the area of Marwah.
- 2) Forest area involved cannot be avoided as the alignment proposed is the only feasible alignment providing vital connectivity to the whole hamlets of the Division Marwah which is devoid of the road connectivity with the District Head Quarter and rest of State since the dawn of Independence.
- 3) Hence the diversion of the Forest land is the only choice to construct the road.

No. SE/PMGSY/B/1034-35
