CLARIFICATION FOR PROPOSED UNBROKEN FOREST LAND

An explanation is called for regarding unbroken forest land in the above mention point. It is pertinent to note that in the proposed area, there is no natural broken forest land. Therefore the proposal is made for Unbroken Forest Land. Even in the broken forest land sufficient material is not available.

Considering these aspects proposal was made for unbroken forest land. Even in the proposed land, no damages will be caused to surrounding forest land after the quarrying activity is allowed.
