## Justification

**Subject: Diversion of forest land in Sy No 1 of Bhotharamahatti village, Belagavi Taluk, Belagavi District in favour of Rani Chennamma University, Belagavi.**

The proposed diversion of 27.3963 ha of forest land in Sy. No. 1 of Bhotharamahatti Village, Belagavi Taluk, Belagavi District is sought in favour of Rani Chennamma University, Belagavi, a State Government university established in 2010 to improve access to higher education in North Karnataka. The university serves as a major academic centre with jurisdiction over numerous affiliated colleges in Belagavi, Bagalkot, and Vijayapura districts, and plays a key role in research, skill development, and academic administration in the region.

The university is strategically located and is easily accessible, being situated near a National Highway, which provides convenient connectivity for students, faculty, and staff. It is centrally located with respect to major urban centres such as Belagavi, Nippani, and Sankeshwar, thereby catering to a wide area comprising urban, semi-urban, and rural populations.

The identified forest land is necessary for the planned expansion of academic and supporting infrastructure to meet the growing demand for higher education. The proposal is of significant public importance as it strengthens higher education and supports educational and regional development in the surrounding areas.

## JUSTIFICATION

**Sub: Diversion of forest land in Sy No 1 of Bhootharamahatti village, Belagavi Taluk, Belagavi District in favour of Rani Chennamma University, Belagavi.**

This site at Bhootaramahatti, Belagavi, was specifically identified and allotted by the Government of Karnataka for establishing the Rani Channamma University campus. The location was selected after due consideration, as it comprises government-owned revenue land with minimal habitation, suitable topography, and good accessibility along the Pune-Bengaluru National Highway (NH-4), approximately 18 km from Belagavi city. The site offers an ideal environment for academic and institutional development.

Hence, the proposed location is site-specific, and no alternate site is available or feasible for this project.
