8	Whether the requirement of forest land as proposed by the user agency in col 2 of Part-1 is unavoidable and barest minimum for the project. If no. recommended area item- wise with details of alternative examined.	Yes
9	Whether any work in violation of the Act has been carried out (Yes/No). If yes details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress.	No
10	Details of compensatory afforestation scheme: (i) Details of non-forest area/degraded forest area identified for compensatory afforestation its distance from adjoining forest, number of patches. Size of each patch. (ii) Map showing non-forest/degraded forest area identified for compensatory afforestation and adjoining forest boundaries. (iii) Detailed compensatory afforestation scheme including species to be planted implementing agency item schedule. Cost structure etc. (iv) Total financial outlay for compensatory afforestation scheme. (v) Certificates from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests).	(i) Detail degraded forest identified for compensatory land enclosed with proposal. (ii) Cadastral map and Toposheet map showing area identified for compensatory afforestation and adjoining forest boundaries enclosed with proposal. (iii) compensatory afforestation scheme enclosed with proposal. (iv) 1653.41253 lakhs (v) Land suitability certificate enclosed with proposal
11	Site inspection report of the DCF (10 be enclosed) especially highlighting facts asked in col 7 (xi, xii). 8 and 9 above	Site inspection report of the DCF/DFO enclosed with proposal
12	Division/ District profile (i) Geographical area of the district. (ii) Forest area of the district. (iii) Total forest area diverted since 1980 with number of cases (iv) Total compensatory afforestation stipulated in the district/division since 1980 on a) Forest land including penal compensatory afforestation. b) Non-forest land. (v) Progress of compensatory afforestation as on 21.09.2022 a) Forest land b) Non-forest land	Hazaribag West/ Hazaribag (i) 430200 (in ha) (ii) 203800 (in ha) (iii) 3794.237 (in ha) Number of cases-26 (iv) Total compensatory afforestation stipulated in the district/division since 1980 on a) 6393.354 (in ha) b) 18.20 (in ha) (v) Progress of compensatory afforestation as on (date) 22.01.2024 on a) 6393.354 (in ha) b) 0.00 (in ha)
13	Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons	The user agency M/S CCL has applied for 298.42 hectare of forest land for diversion under forest (Conservation) Act to excavate coal, the main raw material required for power generation and other commercial and domestic needs in the country. The area is spread in forests of 02 villages namely Chattibariyatu & Jordag under this division and as per the documents attached

S. A. ANSARI

I.F.S.

Divisional Forest Officer

Hazaribag

with the proposal it has got vast reserve of coal approximately 527.30 MT. The project is site specific and shall cater the many essential needs of the people through its linked infrastructural projects e.g. Transmission Line, Roads etc. Our energy demand for all round development is still very much dependent on coal which is about 60% of total requirement of power of the nation. At this stage, one cannot rule out the coal mining projects. The proposal was examined in the light of the guidelines issued by GOI along with the checklist and has been found in a complete state. The proposed area and its surrounding area is good habitat of many wild animals and this project will definitely impact adversely on resident and migratory wild animals for which a wildlife management plan shall be required. The project will generate many employment opportunities to the local people and will also address the migration problem of the people from these areas. Overall, the project is in the interest of the local people and the nation and therefore, this proposal for diversion of 298.42 ha. forest land for coal mining, under the provisions of Forest (Conservation) Act is recommended for approval by the competent authority.

Date : 25.01.2024
