

## Muck Management Plan

**Name of Work:-** Up-gradation of road in front of ACL factory situated at Bir Plassi Nalagarh.

(A) Muck to be generated:->

S.No.	Description	No.	Length (Meter)	Width (Meter)	Depth (Meter)	Quantity (Meter) <sup>3</sup>
1	RCC Culvert RD 0/00	1	7.00	9.00	1.50	94.50
2	Hume Pipe Culverts in various RD	6	7.00	1.00	0.75	31.50
3	Side Walls	1 X 2	1800.00	0.75	0.75	2025.00
		1 X 1	500.00	0.75	0.75	281.25
					<b>Total</b>	<b>2432.25</b>

(B) Muck Quantity required for filling in the road surface:->

S.No.	Description	No.	Length (Meter)	Width (Meter)	Height (Meter)	Quantity (Meter) <sup>3</sup>
1	Road surface	1	2300.00	6.10	0.75	10522.50

Balance Muck = 0.00

Hence all the Muck generated will be adjusted for filling of road surface to raise the level of road as the area is low lying area.
