

Proposal: Diversion of 0.044 hectare of forest land in favour of Commandant Home Guards 7th Batalion Kullu for the construction of Home Guards Company Office 7/5 Company Naggar (Marhi) within the jurisdiction of Kullu Forest Division, Distt. Kullu, HP. (FP/HP/Others/145759/2021).

THE DETAIL OF ALTERNATIVES EXPLORED

The three different alternatives were explored for the construction of Home Guards Company Office Naggar (Marhi). The alternative with barest minimum area and least number of trees have been selected for the proposed project. The detail of alternatives is as under:

1. **Alternate-I (Rejected):** This alternative site involve 0.21 hectare of forest area and 07 trees of different species which are on very higher side as compared to alternate-III. Further, this site is not feasible from technical as well economic point of view, hence this site has not been proposed.
2. **Alternate-II (Rejected):** This alternative site involve 0.15 hectare of forest area and 11 trees of different species which are on higher side as compared to selected alternate-III. Further, this site is not feasible from technical as well economic point of view, hence this site has also not been proposed.
3. **Alternate-III (Proposed):** This alternative site involve nil trees and 0.044 hectare of forest area which is barest minimum and is very less as compared to rejected alternate-I & II. This site is feasible from technical as well economic point of view, hence this site has been proposed for the construction of Company Office.

Therefore, keeping in view the above, the proposed alternate-III which involve barest minimum area and nil trees as compared to alternate-I & II has been selected for the construction of Home Guards Company Office at Naggar.

Commandant Home Guards
7th Battalion Kullu (H.P.)

Divisional Forest Officer
Kullu Forest Division Kullu
