

NO ALTERNATIVE SUITABLE NON-FOREST LAND IS AVAILABLE FOR
THE PROJECT.

(BY Divisional Forest Officer)

This is to certify that TCB-III is to be constructed in accordance with specific alignment decided after detailed study; therefore the project is site specific. Wherever possible non forest land has been used but, in view of above reason, the Bridge on Thane Creek is affecting forest land which cannot be located on non-forest land and, as such, the proposed diversion of 1.0474 Ha in Thane district is required.

It is also certified that the demand for the required forest land of Mangroves for Construction of TCB-III is the barest minimum demand.

Place: Mumbai

Date: 8/1/2019

NO ALTERNATIVE SUITABLE NON-FOREST LAND IS AVAILABLE FOR
THE PROJECT.

(BY Divisional Forest Officer)

This is to certify that the existing TCB-III is to be constructed in accordance with specific alignment decided after detailed study; therefore the project is site specific. Wherever possible non forest land has been used but, in view of above reason, the Bridge on Thane Creek is affecting forest land which cannot be located on non-forest land and, as such, the proposed diversion of 0.3600 Ha in Mumbai Suburban district is required.

It is also certified that the demand for the required forest land of Mangroves for Construction of TCB-III is the barest minimum demand.
