During the course of Joint Inspection three alternatives were examined as under :

In **Alternative – I**, the total length of road is 0/0 km to 2/561 km and 4 number of dumping sites have been proposed for the disposal of muck. The proposal requires total 1.6166 ha of land comprising of 1.5358 ha of forest land and 0.0808 ha of non-forest land, **hence Accepted**.

In **Alternative – II**, the total length of road is 0/0 to 2/610 km. The proposal requires total 1.7028 ha of land comprising of 1.6220 ha of forest land and 0.808 ha of non-forest land. This Alternative involves more forest land and large number of felling of trees, **hence Rejected**.

In **Alternative – III**, the total length of road is 0/0 to 2/795 km. The proposal requires total 1.7570 ha of land comprising of 1.6760 ha of forest land and 0.0810 ha of non-forest land. This Alternative involves more forest land and large number of trees to be felled, **hence Rejected**.

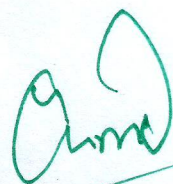

The Joint Inspection team has examined all the alternatives with a view to avoid / minimize the land proposed and we have come to the conclusion that land of the above Khasra Nos. of Forest / Govt. land is the minimum requirement of the proposed project and so is absolutely essential.
