File No. : RJIL/OFC/ JLD-NKD /Jalandhar/006

Date of Proposal: _____

Check list Serial No. 04

Detailed Note on Project

The Optical fiber cables are always laid along the road side due to easy supervision, quick maintenance, and low cost of maintenance. The Applicant does not have to acquire land for this purpose as the road side land belongs to PWD, PMB Punjab State. Laying of Cable shall be done on a 0.45m width of surface land, & up to 1.65 metres of depth and near to the extreme road boundary where alignment of trench will be done in such way that no tree will be required to be cut. The laying of Optical fiber cable along roadside is an agreed policy of the Applicant and Ministry of Surface Transport

This new scheme of laying optical Fibre Cable is most modern and state of art Technology in the field of Optical fiber cable.
