

Information on Compensatory Planting

As forest area proposed diversion is less than 1 Ha., Compensatory Afforestation is not insisted. However, Compensatory planting of 370 Nos. are recommended against felling of 37 trees (31 trees and 6 reed clumps). User Agency (KSEB) has earmarked 0.22 Ha. area adjacent to forest near weir. The User Agency has to meet all expenditure for planting and maintenance for 5 years. Range Forest Officer will prepare detailed plan for Compensatory Planting after sanctioning of first stage clearance.

Divisional Forest Officer, 29/10/20
Nilambur North Division.
