05th Jan., 2022

To,

Divisional Forest Officer,
Nalagarh Forest Division,
Nalagarh, Distt. Solan (HP).

Sub: Diversion of 0.5747 hectare of forest land in village Mini Secretariat from R/D 33/900 to R/D 34/400 for four laning work of Baddi-Nalagarh section of NH-21A (New NH-105) in the state of Himachal Pradesh.

Ref: (i) Conservator of Forests letter no. 3081 dated 29.12.2021.

Sir,

Kindly refer Conservator of Forests, Forest Circle, Solan letter no. 3081 dated 29.12.2021 vide which few observations were raised in the subjected FCA proposal.

2. Parawise compliance of said observations are as under:

Sr. No.	Name of the Document (s)	Observations raised by Dy. Conservator of Forest, Nalagarh	Compliance by NHAI PIU Shimla
1.	Check List No. 31 (Page 55)	The length and wisth of road passing through forest has been mentioned as 500 mtrs & 15 mtrs. Respectively. This means that the requirement of Forest land is 7500 sq. mtr. Whereas the demanded area is 5747 sq. mtr. Only. As the variation is high, may ensure that the requirement is as per alignment & actual field conditions.	The proposed area has been calculated as per the revenue records, and the difference of 170 m (approx.) is due to existance of Govt. PG College Nalagarh. Therefore, as per the proposed alignment there is a requirement of 5747 Sqm forest land only.

3. In this regard, it is requested to take necessary action so that stage-I approval for diversion of above forest land measuring 0.5747 hectare could be obtained at the earliest & encumbrance free land could be provided to the Contractor for starting the four laning work.

With Regards,

(Suresh Kumar Sharma)

GM (Tech.)-cum-Project Director
NHAI, PIU-Shimla
