

JUSTIFICATION **CHECK LIST NO-11.**

Name of work : (C/o link road from PHC Badahari Gurshali to Village Dawath Km 0/00 to 1/500).Tehsil Shimla(Rural) District Shimla Block Mashobra H.P.

The land/soil of the area is very fertile in growing cash crops Viz, Apple, potatoes, pluses, chillies & Seasonal crops and fruits etc. but at present in the absence of motor able road the people of these villages are facing great difficulties in carrying their cash crops timely to the market and also in carrying the essential commodities/daily needs etc. they have to pay huge amounts on account of manual carriage of cash crops and essential commodities. The local product cannot be sent to the market well in time and the growers cannot get the proper values of their cash crops .

The location of target village is such that there is no alternative alignment possible except the proposed alignment which can avoid upto maximum extent, the use of forest land for the construction of the said road. Also there is non forest/Govt. Land other than the forest/private land available land in area for the proposed construction of the road, therefore the use of forest land for the project i.e. construction of link road from PHC Badahari Gurshali to Village Dawath.

Also the proposed Road project is available to bring the benefits of development to target village that have remained deprived of there benefits long.

As such the location of project in the forest land is justified and the proposed alignment of the said road is finalized.
