**Certificate for Suitability of Area for Compensatory Afforestation**

**Proposal No:** FP/ML/OFC/51000/2020

**Name of Project:** Optical Fibre Cable laying (Nengkhra-Rongjeng) through Darugiri Reserve Forest from Samanda to Asanang

**Area (in Ha):** 0.15 Ha

The proposed area for compensatory afforestation with respect to the forest land proposed for diversion under Forest Conservation Act, 1980 in Darugre Reserved Forest for Laying of Optical Fibre Cable by MUKAND SYSTEMS AND NETWORKING PVT LTD has been selected in 1 patch of 0.1 Ha (100 Saplings) as Compensatory Afforestation of Road side plantation in the Compartment No.1A, 1B & 3 of Darugre Reserve Forest near the forest land that is being diverted. In order to reduce the biotic pressure as well as to improve the forest cover and aesthetic value, this area is proposed for compensatory afforestation through artificial regeneration of native miscellaneous and fruiting species.

  
Divisional Forest Officer  
East & North Garo Hills (T) Division  
Williamnagar
