State Serial No. P	erned Deputy Conservator of Forests) Proposals
Location of the Project/ Scheme:	Nalgonda Forest Division for establishment of 4400
Loodion of the Project Contract	capacity of (i.e., 4 X 800 MW and 2 X 600 MW
	Thermal power plant at Veerlapalem village, 2400
	capacity of (i.e., 3 X 800 MW) at Dilawarpur village.
	proposed for diversion of 10709.34 Acres Forest Land
	above Thermal power plants in Veerlapalem R.F bl
	Dilawarpur R.F blocks & Gangadevi garttu R.F block
	Miryalaguda Range of Nalgonda District in favou
-	Telangana State Power Generation Corporation
	Hyderabad.
I. State/ Union Territory	: Telangana
	: Nalgonda
II. Diotriot	: Nalgonda (Territorial division)
IV. Area of Forest Land proposed for diversion (in Ha)	1. Veelapalem RF in Compt.Nos. 41, 42, 43, 44 and area 2389.72 Ha (5905.13 Acres) .
	2. Dilawarpur RF in Compt.Nos. 47,48,49 and 50 ar <u>1679.42</u> Ha (4149.12 Acres).
	3. Gangadevi gattu RF in Compt.Nos. 35 area <u>264.</u> Ha (654.09 Acres).
	Total : 4334.01 Ha / 10709.34 Acres
V. Legal status of forest	1. Veerlapalem RF in compt No. 41, 42, 43, 44 a 45 Notified U/S18 – HFA 1945 (equivalent to 15 of 1967)
	 Dilawarpur RF in Compt.Nos. 47,48,49 and 50 Notified U/S18 – HFA 1945 (equivalent to U/s of 1967)
	 Gangadevi gattu RF in Compt.Nos. 35 Notifie U/S18 – HFA 1945 (equivalent to U/s 15 of 15
VI. Density of Vegetation	1. Veerlapalem :Southern Dry deciduous scrub,
	5A/C3/DS1,
	0.05 - 0.2
	2. Dilawarpur : Southern Dry deciduous scrub,
	: 5A/C3/DS1,
	0.05 to 0.2
	3. Gangadevi gattu : Dry deciduous thorny scrub,
	6A/C1/DS1,
	0.0
VII. Species wise & (scientific names) and diameter class- wise enumeration of trees (to be enclosed. In case of irrigation / hydel projects enumeration at FRL, FRL-2 meter & FRL-4 meter also to be enclosed.	: Enclosed
VIII. Brief note on vulnerability of the forest	The area of these (3) forest blocks is flat, hence ther less vulnerability of the forest area to erosion.
Area to erosion IX. Approximate distance of proposed site for Diversion from boundary of forest	Entire forest blocks has been proposed for divers
X. Whether forms part of National Park, Wildlife Sanctuary, biosphere reserve, tiger reserve, Elephant corridor, etc., (If so, the details of the area and comment of the Chief Wildlife	No No

part-1 is unavoidable and barest minimum location because of availability of water from river Krishna and connectivity of road, rail network and Airport (Hyd). As per the proposal of the user agency and their technication and is allied units for further development. No work is started as on date in violation of FC Act 1980. 9 Whether any work in violation of the Act. Has been Carried out (Yes/No). If yes, details of the same including period of work: done, action taken on erring officials, Whether work in violation is still in progress 10 Details of Compensatory a forestation scheme. i Details of non-forest area/ degraded forest area identified for compensatory a forestation, its distance from adjoining forest, number of patches, size of each patch The CA land extent 4336.70 Ha / 10716 acres is identified in (71) locations spread over entire district. (List enclosed) ii Map showing non-forest/ degraded forest area identified for compensatory a forestation and adjoining forest boundaries The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be submitted. iii Detailed compensatory afforestation scheme including species to be planted implementing Agency is Forest Department. Species to be planted : Marri, Juvvi iiii Detailed compensatory afforestation scheme including species to be planted : Marri, Juvvi iiii Detailed compensatory afforestation scheme including species to be planted : Marri, Juvvi iiii Detailed				- 25-35 × 11
species of fora and submain the area in set relates thereof. XII. Whether any protected archaeological hartage site/ defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if enquired No 3 Muther the requirement of forest land as Proposed by the user agency in col. 2 of part. Is unavoidable and barest minimum for the Project. If so, recommended area iten-wise with details of alternatives examined As per the proposal of the new towater from river Krishm and connectivity of road, rail network and Airport (Hyd). 9 Whether any work in violation of the Act Has been Carried out (Yes/No). If yes, details of the same including period of work: done, action taken on erring officials. Whether work in violation is sittlin progress No 9 Whether many work in violation of the Act Has been Carried out (Yes/No). If yes, details of Compensatory a forestation scheme. The CA land extent 4336.70 Ha / 10716 acres is identified n (71) locations spread over entire district. (List enclosed) The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be forestation and adjoining forest, number of patches, size of each patch ii Detailed Consensatory afforestation exheme including species to be planted; ii Detailed compensatory afforestation and from management point of view.(To be signed by the concerned Deputy Conservator of Forests) Enclosed in col.				
XI. Whether any protected archaeological hereitage site/ defense establishment or any other important monument is located in the area. If so, the details thered with NOC from competent authority, if enquired No 8 Whether the requirement of forest land as performent is unavoidable and barest minimum for the Project. If so, recommended area item-wise with details of alternatives examined As per the proposals given by the user agency and as performent is allied units for further development. 9 Whether any work in violation of the Act Has been Carried out (Yes/No). If yes, details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress No 10 Details of compensatory a forestation is distinee for compensatory aforestation, its distance from adjoining forest. Inumber of patches, size of each patch implementing agency, time schedule, cost structure, etc The CA land extent 4336.70 Ha / 10716 acros is identified for compensatory aforestation scheme 10 Details of non-forest area/ degraded forest indentified for compensatory aforestation scheme including species to be planted in the scheme enclosed. Implementing Agency is structure, etc The areas are being surveyed by the User agency with DePs after completion of the survey maps will be some structure, etc 10 Totalied compensatory aforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests) The areas are being surveyed by the User agency with DePs after completion of the survey maps will be some concerned. Implementing Agency is searea being surveyed by the User agency with the	, (,	species of flora and fauna in the area if so	:	No
Image site/ defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if enquired No Image site/ defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if enquired As per the proposals given by the user agency and as per the proposals given by the user agency and as per the proposal of the user agency and their details of alternatives with details of alternatives examined Image site/ due to the proposal of the user agency and their details of alternatives examined As per the proposal of the user agency and their details and connectivity of road, rail network and Airport (Hyd). Image site/ due to the proposal of the user agency worked out the barest minimum area that is required for establishment of Thermal power tation and its allied units for further development. Image site/ due to the same including period of work done, action taken on erring officials. Whether work in violation is still in progress No Image site/ due to the same including period of work scheme. No No Image site/ due to the same including period of work scheme. No No Image site/ due to the same including period of work in violation is still in progress No No Image site/ due to the same including period of work in violation is still in progress The CA land extent 4336.70 Ha / 10718 acres is identified for compensatory a forestation scheme No Image site/ due to the same inc	1	desails thereof.		
8 Whether the requirement of forest land as Proposed by the user agency in col. 2 of part-1 is unavoidable and barest minimum for the Project. If so, recommended area item-wise with details of alternatives examined As per the proposals given by the user agency and as per diversity of road, rail network and Airport (Hyd). 9 Whether any work in violation of the Act. Has been Carried out (Yes/No). If yes, details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress No 10 Details of Compensatory a forestation scheme. The CA land extent 4336.70 Ha / 10716 acres is identified forestation, its distance from adjoining forest. number of patches, size of each patch 11 Meating species to be planted implementing agency, time schedule, cost structure, etc., The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be submitted. 10 Details of non-forest of each patch scheme. Detailed CA scheme enclosed. Intervent withing forest area identified for compensatory at forestation and adjoining forest. number of patches, size of each patch including species to be planted including species to be planted implementing agency, time schedule, cost structure, etc., The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be submitted. 10 Detailed Compensatory afforestation scheme Detailed CA scheme enclosed. Intervent adjoining forest area identified for compensatory afforestation scheme Detailed CA scheme enclosed. Including species to be planted imple		heritage site/ defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from		
9 Whether any work in violation of the Act. Has been Carried out (Yes/No). If yes, details of the same including period of work: done, action taken on erring officials. No 10 Details of the same including period of work: action taken on erring officials. No 11 Details of Compensatory a forestation is cheme. The CA land extent 4336.70 Ha / 10716 acres is identified for compensatory a forestation, its distance from adjoining forest. The CA land extent 4336.70 Ha / 10716 acres is identified in (71) locations spread over entire district. (List enclosed) 11 Details of non-forest areal / degraded forest area identified for compensatory at forestation and adjoining forest boundaries The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be submitted. 11 Detailed compensatory afforestation scheme including species to be planted implementing agency, time schedule, cost structure, etc., Detailed CA scheme enclosed. Implementing Agency is Seemaruba, Kanuga, Nallamaddi and other misc species 11 Detailed compensatory afforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests) Enclosed 11 Site inspection report of the DCF (to be enclosed) especially highlighting facts asked in col.no.7 (xi, xi), 8 and 9 above. Enclosed 12 Division/ District profile: Nalgonda/ Nalgonda	8	Whether the requirement of forest land as Proposed by the user agency in col. 2 of part- I is unavoidable and barest minimum for the Project. If so, recommended area item-wise with details of alternatives		the requirement mentioned there in as they have searched other (2) locations in Khamma District and finalised presen location because of availability of water from river Krishna and connectivity of road, rail network and Airport (Hyd). As per the proposal of the user agency and their technica norms the user agency worked out the barest minimun area that is required for establishment of Thermal powe station and its allied units for further development.
Has been Carried out (Yes/No). If yes, details of the same including period of work: done, action taken on erring officials, Whether work in violation is still in progress No 10 Details of Compensatory a forestation scheme. The CA land extent 4336.70 Ha / 10716 acres is identified for compensatory a forestation, its distance from adjoining forest, number of patches, size of each patch area identified for compensatory a forestation and adjoining forest boundaries The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be submitted. iii Map showing non-forest/ degraded forest in plenenting agency, time schedule, cost structure, etc., Detailed CA scheme enclosed. Implementing Agency is Forest Department. Species to be planted implementing agency, time schedule, cost structure, etc., Detailed CA scheme enclosed. Implementing Agency is Forest Department. Species to be planted implementing agency, time schedule, cost structure, etc., iv Total financial outlay for compensatory afforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests) Enclosed 11 Site inspection report of the DCF (to be enclosed) especially highlighting facts asked in col.no.7 (xi, xii), 8 and 9 above. Enclosed 12 Division/ District profile: Nalgonda/ Nalgonda				No work is started as on date in violation of FC Act 1980.
10 Details of Compensatory a forestation scheme. 1 Details of non-forest area/ degraded forest Area identified for compensatory a forestation, its distance from adjoining forest, number of patches, size of each patch The CA land extent 4336.70 Ha / 10716 acres is identified in (71) locations spread over entire district. (List enclosed) 1 Map showing non-forest/ degraded forest area identified for compensatory aforestation and adjoining forest boundaries The areas are being surveyed by the User agency with DGPs after completion of the survey maps will be submitted. 11 Detailed compensatory afforestation scheme including species to be planted implementing agency, time schedule, cost structure, etc Detailed CA scheme enclosed. Implementing Agency is Forest Department. Species to be planted : Marri, Juvvi, Nara vepa, Nemilinara, Vepa, Thella maddi, Chintha, Ref Seemaruba, Kanuga, Nallamaddi and other misc species 10 Total financial outlay for compensatory afforestation scheme Enclosed 11 Site inspection report of the DCF (to be enclosed) sepecially highlighting facts asked in col.no.7 (xi, xii), 8 and 9 above.
