

INSPECTION REPORT

The proposed area for diversion is 0.165 ha in Sengirai Reserve Forest in Pudukkottai Forest Division was inspected by me on 04.07.2023 along with the District Forest Officer, Pudukkottai. This project for the diversion of 0.165 ha laying of underground optical fiber cable in Arimalam to Rayavaram Road - Sengirai RF for providing 4G Wireless Broadband approval accorded under Forest Conservation Act 1980. The Project is important for better connectivity of 4G network to all the publics for communication. The Senior Executive officer informed that no trees or vegetation will be felled or disturbed during the execution of the project. The Senior Executive officer also the excavation will be immediately closed after laying the underground optical fiber cable without affecting the migrating wildlife. There is no alternate land is available. Hence I have recommended the proposal.
